Walton-on-Thames Cricket in the Community

What's happening in 2023

Walton-on-Thames 'Cricket in the Community' is running two inclusive programmes in 2023. Both events are free for schools to enter and organised by Walton-on-Thames Cricket Club volunteers.

Inclusive cricket activity programme for SEND children - Years 3-6

The sessions are open to all local primary schools who would like to increase the opportunity of sports activity for their SEND group of children. Our first two sessions in January and February each saw 35 children from Ashley C of E, Cleves and Walton Oak experience new, fun activities, expertly led by a qualified team of Surrey coaches. The feedback from children, staff and parents has been excellent and we are keen that more children from other local schools have the opportunity to enjoy this rewarding experience.

Background

Walton-on-Thames 'Cricket in the Community' began in 2015, when six local primary schools were invited to participate in a cleverly designed and inclusive softball league format, where each team of eight players comprises four boys and four girls. In every game, each player bats and bowls, boys against boys and girls against girls. Each school played the other five schools in a round-robin format with the top two teams playing in the final for the 'Elmbridge Schools Softball Cricket Cup'.

Since then, more and more schools have been keen to join and the competition has grown every year. In 2019, twelve local school teams, Ashley C of E, Bell Farm, Burhill, Claygate, Cleves, Cobham Free, Esher Church, Notre Dame, St Anne's, Thames Ditton and St James C of E, played a total of 42 matches, giving 60 girls and 60 boys the opportunity to play team cricket; some for the first time!

Inclusive Cricket Activities for SEND children and anyone with disabilities

Inclusive cricket at Walton-on-Thames Cricket Club, aimed at anyone with disabilities, began in September 2017 when a group of 30 young adults from Elmbridge Community Link attended a taster session at the cricket club. Using specially designed coaching equipment, fun games and music, it was quickly evident that they had discovered a new activity they could enjoy together whilst, at the same time, improving their own development. As a result of its success, a programme of cricket activities every six weeks throughout the year was put in place, which continued until the pandemic.

In 2019 we extended our programme to the wider disability community, with take-up from several local adult groups, a specialist disability school and a local mainstream school. Prior to Covid-19, we were successfully offering cricket based activities to 50 adults and 30 children with a wide range of educational needs or disabilities.

Qualified coaches

All coaching is provided by qualified and DBS cleared coaches from Surrey Cricket and Walton-on-Thames Cricket Club.
